**MOORE STEPHENS TILLER LLC PROMOTES DOUG TAYLOR, CPA, CVA
TO ASSOCIATE MEMBER**

ATLANTA, GA — Moore Stephens Tiller LLC, one of Georgia’s largest accounting and consulting firms, is pleased to announce the promotion of Douglas D. Taylor, CPA, CVA to Associate Member.

Doug joined Moore Stephens Tiller’s Atlanta office as a Senior Tax Manager in July 2006. Primarily, Doug provides individual tax preparation and planning services for high net worth individuals and closely held businesses.

“We are pleased to promote Doug to our member group, as he is knowledgeable, dedicated and a sound leader,” says William C. Lankford Jr., managing member of Moore Stephens Tiller. “He brings valuable knowledge of tax laws and business valuation services to the firm.”

Doug has worked in public accounting since 1983, and most recently operated his own CPA practice from 2003 until joining MST.

Ownership Experience is an Asset

Doug cites his experience as a business owner as an asset in serving his MST clients because it provided him with broad-based experience that goes beyond technical ability. “Starting and running my own business made me more aware of the pressures that small business owners face,” Doug says.

While his current focus is on tax work, Doug also has experience in litigation support, preparing business plans for start-ups and providing business valuation services.

A Network that Works

Since joining MST a year ago, Doug mentions that he's been impressed with the extent to which the firm leverages its relationships with its network affiliates, Moore Stephens North America and Moore Stephens International Limited.

"Moore Stephens Tiller is a full-service firm, but we're also part of an international association," Doug says. "We use that association to draw upon a wide range of technical expertise in specific areas, expertise that's not necessarily located within our offices." As examples, he cites state and local tax incentives consulting, and cost segregation services for real estate investors or for those buying real estate for use in a business.

"With Moore Stephens Tiller our clients not only receive local, hands-on attention that they deserve, but also global resources that they might need," says Doug.

Doug is a University of Georgia alumnus, earning a BBA in accounting in 1983. He's a member of the American Institute of Certified Public Accountants, the Georgia Society of Certified Public Accountants and the National Association of Certified Valuation Analysts. He's married with one child, and in his free time, you can find him on the golf course.
